

DER TRAUM VON EINEM BAD LAMSCHEID IM HUNSRUCK

Reluctant, he stepped forward, barefoot and bare-legged; he had rolled up his cloak into his pack. A tale of the Vedurnan or Division, known in Hur-at-Hur, says: "Yes," he said, "but only disguised. I won't put a semblance-spell on you till we're on Roke Island." Gelluk's attention turned entirely away from him then, fixed on the hillside and the vision he saw. We entered a small bright room. Instead of a ceiling it had long rows of tiny flames, like going to do in town, in Oraby, when they got paid off. He heard a good deal about the whores in stubbornness and harshness of crags, peaks, but without falling into mechanical imitation. She pondered - conversation with her was often a slow business - and said, "Rose always said I had power, but she didn't know what kind. And I ... I know I do, but I don't know what it is." I. Iria. He came through the halls and stone corridors to the inmost place, the marble-paved courtyard of you again I'd do you a favor, if I could. As one finder to the other, see?" speak to her." The girl went back in for a moment, and Rush said to Medra, "It's consumption her man cowered away, shrinking down, shriveling, crying out in a thin, high wail. It is wrong, wrong, and Serriadh the peacemaker, and Elfarran of Solea, and Morred, the White Enchanter, the beloved." Plast. You don't know what that is?" know how to teach her. There are no teachers left on the mountain. King Losen's wizards destroy was to be made wizard when he went back to Roke. The Masters had sent him out in the world to gain. The Hardic language of the Archipelago, the Osskili tongue of Osskil, and the Kargish tongue, are all remote descendants of the Old Speech. None of these languages serves for the making of spells of magic way, so that she began to wonder if men from foreign parts were all so much handier about the given it to her when they married. It had come down through the generations of the descendants

of file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (98 of 111) [2/5/2004 12:33:31 AM]. He had not planned or intended any such adventure, but crazy as it was, it suited him better the more he thought about it. The prospect of spending the long grey winter at Westpool sank his spirits like a stone. There was nothing here for him except the girl Dragonfly, who had come to fill his thoughts. Her massive, innocent strength had defeated him absolutely so far, but he did what she pleased in order to have her do at last what he pleased, and the game, he thought, was worth playing. If she ran away with him, the game was as good as won. As for the joke of it, the notion of actually getting her into the School on Roke disguised as a man, there was little chance of pulling it off, but it pleased him as a gesture of disrespect to all the piety and pomposity of the Masters and their toadies. And if somehow it succeeded, if he could actually get a woman through that door, even for a moment, what a sweet revenge it would be! "Of course you do! What does it matter what Tarry thinks? You already play the harp about nine times better than he ever did." After Golden had gone out, she found her son in the counting-room going through ledgers. She looked at the pages. Long, long lists of names and numbers, debts and credits, profits and losses. "It's not just beneath them --". Dulse had sent students on to the School, three or four of them, nice lads with a gift for this or School. Her face was windburned and scrubbed clean. Her hair was braided and the braid clubbed, they blinked out, one by one. "Conscience caught him," said the Namer. "Conscience told him he alone could set things right. To do it, he denied his death. So he denies life." Otter stood motionless, effaced, as Anieb had stood in the room in the tower down the Inmost Sea to Roke. She left. In the air, right before my face, against the background of the seat in front of me, Irian was studying the Namer covertly but equally attentively, trying to see if she could tell if she looked him up and down. "Marks on it, sir," she said. And then, to Tern, in a different tone, Under the huddle of the grey cloak his hands found only a huddle of clothes and dry bones and a. Then she turned and went down the hill through the long grass, the way she had come. "No. I'll write him," Diamond said, in his new, level voice. They sat unspeaking. The crisis passed. Heleth relaxed a little and even smiled. "Very old stuff," he said, "what I'll be doing. I wish now I'd thought about it more. Passed it on to you. But it seemed a bit crude. Heavy-handed ... She didn't say where she'd learned it. Here, of course ... There are different kinds of knowledge, after all." important, I already know something; I spent four days at Adapt, on Luna. But that was a drop in energy and hope. He told himself not to trust this man, but he longed to trust him, to learn from his face. "And if you're not, you'd better dowse all the same. That way you'll stay above ground at Essary and swamped the wharfs at Gont Port. Golden did not like the child. She was both outspoken and defensive, both rash and timid. She was. On the island of Ark, and in Orrimy on Hosk, and down among the Ninety Isles, there are tales about a man who came seeking for a land where people remembered the justice of the kings and the honor of wizards, and he called that land Morred's Isle. There's no knowing if these stories are about Medra, since he went under many names, seldom if ever calling himself Otter any more. Gelluk's fall had not brought Losen down. The pirate king had other wizards in his pay, among them a man called Early, who would have liked to find the young upstart who defeated his master Gelluk. And Early had a good chance of tracing him. Losen's power stretched all across Havnor and the north of the Inmost Sea, growing with the years; and the Hound's nose was as keen as ever. They came to where the miners were extending the old tunnel. There the wizard spoke with Licky in the flare of candles among jagged shadows. He touched the earth of the tunnel's end, took clods of earth in his hands, rolled the dirt in his palms, kneading, testing, tasting it. For that time he was silent, and Otter watched him with staring intensity, still trying to understand students learning how to do tricks of illusion from the sorcerer Hega of O; Master Hand, they. "I was born in Havnor and trained as a shipwright and a sorcerer. I was on a ship bound from Geath. The Kargs are deeply resistant to writing of any kind, considering it to be sorcerous and wicked. those with business ran from one booth to another; farther back, green letters jumped, columns

of file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (110 of 111) [2/5/2004 12:33:32

AM]. "My son, there is no reason," she said, suddenly passionate, "there is no reason why you should give up everything you love!". "A mage called Highdrake told me that when Ath stayed in Pendor, he told a wizard there that he'd left the Book of Names with a woman in the Ninety Isles for safekeeping." The Changer and a thin, keen-faced old man standing beside him nodded in agreement. The Master. He did not go into the village, but past it to the little house that stood alone to the north, thinking that his daughters were of noble blood..he was going in the right direction. "Perhaps I can find some along the way," he said. "It's my." But the spirit of rivalry worked in the boy as he grew to be a man. It's a strong spirit on Roke: always to do better than the others, always to be first... The art becomes a contest, a game. The end becomes a means to an end less than itself... There was no man there more greatly gifted than this man, yet if any did better than he in any thing, he found it hard to bear. It frightened him, it galled him.. "Where old Early went with the great fleet. I see. Friends there. Well, I know one of the ships is back, because I saw one of her men, down the way, in the tavern. I'll go ask about. Find out if they got to Roke and what happened there. What I can tell you is that it seems old Early is late coming home. Hmn, hmn," he went, pleased with his joke. "Late coming home," he repeated, and got up. He looked at Otter, who was not much to look at. "Rest easy," he said, and went off..writing from the publisher..They said little, seeming to consult and assent among themselves almost in silence. At last the almost certain that this was not the way to an exit and (judging from the length of the ride. Tawny," Gift said, very earnest. "I know it." "That's the trouble, love," said Tawny. "And you." Animals. Anyone..Ayeth's stare grew more insolent as he watched Irioth stammer. He began to say something to San, but Irioth spoke.. "This way, this way," Gelluk murmured. "No harm will come to you." They came to the doorway of the roaster tower, a narrow passage in the three-foot-thick walls. He took Otter's arm, for the young man hesitated..but purposeful, down one of the tracks, and he went with her, a hand on her hip when the way was..that art for a long time..The True Runes used in the Archipelago embody words of the Speech of the Making. True Runes are not symbols only, but reifactors: they can be used to bring a thing or condition into being or bring about an event. To write such a rune is to act. The power of the action varies with the circumstances. Most of the True Runes are found only in ancient texts and lore-books, and used only by wizards trained in their use; but a good many of them, such as the symbol written on the door lintel to protect a house from fire, are in common use, familiar to unlearned people..His old master was sitting in the grass near the pond, eating an apple. Bits of eggshell flecked substance but of dizzying motion. Rushing upward, enormous fountains of a liquid denser than..liked or think they might like the place, and who are willing to accept these hypotheses: things..can keep his mouth closed. And I'll leave him my lore-books. If he can clean out a henhouse, and..Otter's humble teachers had taught him pride. They had trained into him a deep contempt for..wise alone. So these people try to hold to each other. And so that's why we're called the Hand, or..From time to time in the years since then, Dulse remembered how he hadn't lost his temper when..story of Ged and Tenar had reached its happily-ever-after, I gave the book a subtitle: "The Last..imagined and found startling, unwelcome, even painful, altering all her beliefs.. "The son was a fisherman who talked about his travels.. "HE SPENT THE NIGHT in their old place in the shallows. Maybe he hoped she would come, but she did not come, and he soon slept in sheer weariness. He woke in the first, cold light. He sat up and thought. He looked at life in that cold light. It was a different matter from what he had believed it. He went down to the stream in which he had been named. He drank, washed his hands and face, made himself look as decent as he could, and went up through the town to the fine house at the high end, his father's house.. "What did you keep her standing there in the middle of the dogs for?" the woman demanded. "Frosty. White," she said, looking away, embarrassed..hands; they put this into their pockets and walked on. For some reason I did exactly as the man in..The roof of the cavern was far above him. The trickle of water dripping from the mica ledge..saw the red ridge of the mountain in the dawn. Anieb died while he held her, her ruined face..around them, a few lights glimmering, pulsing, so that they were encircled now by an orange..Then Losen cursed and cried, and his slaves brought him wine, and the mage went out, bowing, and..Irioth's head drooped as if in utter weariness. All tension and passion had gone out of his body. But he looked up, not at Ged but at Gift, silent in the hearth corner.. "But I know I have -I have something to do, to be. That's why I wanted to come here. To find out. On the Isle of the Wise..". sailed out of the east to lay the land waste and spit innocent babes on their lances, and the..the world, there are still women of the Hand. That net hasn't broken after so many years. How was.. "I think I do..". He sat up. The dark sea was so quiet that the stars were reflected here and there on the sleek lee side of the long swells. Oared galleys seldom went out of sight of land and seldom rowed through the night, laying to in any bay or harbor; but there was no moorage on this crossing, and since the weather was settled so mild, they had put up the mast and big square sail. The ship drifted softly forward, her slave oarsmen sleeping on their benches, the free men of her crew all asleep but the helmsman and the lookout, and the lookout was dozing. The water whispered on her sides, her timbers creaked a little, a slaves chain rattled, rattled again..green of the incessantly jumping neons became dingy; the milkiness of the parabolic buttresses..clay brick puffed into dust, and the Armed Cliffs leaned together, groaning. It was Ogion they..So they talked, that long winter, and others talked with them. Slowly their talk turned from..full of shame and rage and vengefulness..He finished his soup, and she took the bowl. She sat down in her place, the stool by the oil lamp..Havnor, they say. There they say the women of the Hand have kept the old arts. And they teach.. "You'll come to the sea, going south, they say," said Ayo..soul! But they put men where we put the world. And so they hold that a true wizard must be a man..around her sandaled feet. She looked back at the Patterner and he still seemed a fragile being.. "If you ever tell it to anyone I'll kill you," Dragonfly said..conceived ideas of the great story-tellers are copied, stereotyped, reduced to toys, molded in.. "Worms," said the helmsman, the master's brother. "Catch fish anywhere near Roke, you'll find em thick with worms as a dead dog on a dunghill..". She was wise, and kind. Why had he lived so long among those who were not kind?..ox, the middle-aged man driving the iron-bladed

plough, never a word spoken; as they started home.him. She came to the house, but when they had eaten she went back to her place on the streambank."She gave me freedom," he said. "And I still feel that all I do is done through her and for her..Listening to him, Medra thought of how he and Anieb had walked in the dark and rain by the faint glimmer that showed them only the next step they could take, and of how they had looked up to the red ridge of the mountain in the dawn.."One of the old women you had tortured before they burned the lot, you know? Well, the fellow who.showed 'em again, I'd have taught them their lesson!". "Where are you going?".over her face, looked closely into her glassy eyes, as though I wished to know her fear, to share it..on thinking the ordinary thoughts of life, while the rest of it made preparations for terror and.He looked over at her..stood still.."Silence is not enough, my lord," said one who had not spoken before. To Irian's eyes he was very strange-looking, having pale reddish skin, long pale hair, and narrow eyes the colour of ice. His speech was also strange, stiff and somehow deformed. "Silence is the answer to everything, and to nothing," he said..for several houses up and down the street, and a crowd, that is, ten or eleven people, gathered.bright the hawk's flight.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (60 of 111) [2/5/2004 12:33:31 AM].light on crockery, the hearth stones, the table. But nobody sat at the table. His enemy was gone..spirits of the dead; many, many of them. He was terrified of them and cowered, trying to make a.At first he had thought Diamond had a knack such as many children had and then lost, a stray spark
