In addition, you will have to handle a variety of problems with your ship such as invasion by mind-warping beings, power-system failure, and occasional crew mutinies. The console commands that control your warship are simple and are given in the attached instructions being transmitted to your local printout facility..The first Ozo was smuggled into the Soviet Union from West Germany by Katerina Belov, a member of a dissident group in Moscow, who used it to document illegal government actions. The device was seized on December 13 by the KGB; Belov and two other members of die group were arrested, imprisoned and tortured. If it happens, fine. But we'd better plan on the assumption that it won't. As you may know, the E.R.B.-Podkayne are the oniy ships in existence that can reach Mars and land on it. One other pair is in the congressional funding stage. Winey talked to Earth and thinks there'll be a speedup in the preliminary paperwork and the thing'll start building in a year. The launch was scheduled for five years from now, but it might get as much as a year boost. It's a rescue mission now, easier to sell. But the design will need modification, if only to include five more seats to bring us all back. You can bet on there being more modifications when we send in our report on the blowout.
